#### Description

Hi,

What's the optimal setup for JasperReports at **Servoy 8.0.2**?

Like

Jasper Reports plugin from ServoyForge + Servoy8 + iReport + Java ver

Have tried couple of combinations, including latest plugin version, but no luck so far: reports are not printed neither via NG client, nor via WebClient.

However, have proper setup at Servoy 6.1

Does the code for initialization and than invocation requires upgrade, also?

Regards

#### History

**#1 - 04/13/2016 08:29 PM - Imre Tokai**

- Status changed from New to Feedback

- % Done changed from 0 to 100

Since **8.0.3** .jrxml reports work (again)

Thanks
