Description

Hi,

I am trying to use the OAuth Plugin to authenticate with FB in Servoy 8 but I receive
TypeError: Cannot call method "setResourceUrl" of
(C:\\ProRM\\servoy8\\servoy_workspace8a\\OAuthTest\\forms\\OAuthFacebook.js#16)

Hi Juan,

I added a Servoy 8 compatible version in "Files", it works with the web client.
Doesn't work with NG, oauth and websockets is quite tricky...

Thank you Edit.

It would be great to have a solution for NG. In fact we are willing to use NG only with v8.

Juan

Hi Edit,

I still have the same error on web client with Servoy 8.1

And with Smart Client also returns an error (attached). But I do not want to use it with smart, just web and hopefully NG in the future.

#4 - 08/23/2016 09:43 AM - Edit Mera

I attached the zip for 8.1
And created a case in jira to see if/how we can make it work for NG <https://support.servoy.com/browse/SVY-10291>

Hi Edit,

I am still receiving the same error on Web Client
TypeError: Cannot call method "setResourceUrl" of (C:\\ProRM\\servoy8\\servoy_workspace8a\\OAuthTest\\forms\\OAuthFacebook.js#16)

TypeError: Cannot call method "setResourceUrl" of (C:\\ProRM\\servoy8\\servoy_workspace8a\\OauthTest\\forms\\OauthFacebook.js#16)
at C:\\ProRM\\servoy8\\servoy_workspace8a\\OauthTest\\forms\\OauthFacebook.js:16 (onAction)

Do you have a sample that works?
