Target version:			
Browser (if web client):			

Description

Tried checking out the resources projects along with the module and demo solution, but the solution is not using it as it is not recognized by Servoy as a 'resources' project.

To be recognized, you would need to check-out the '.project" file as well.
It contains this node:

```
    <natures>
        <nature>com.servoy.eclipse.core.ServoyResources</nature>
    </natures>
```

which tells Serclipse the type of project.

History

#1 - 08/03/2010 08:11 PM - Robert Ivens

- Status changed from New to Resolved

Committed the missing .project file.
Thanks for the heads-up!

#2 - 08/09/2010 09:10 AM - Robert Ivens

- Status changed from Resolved to Closed
