

JSListPicker module - Defect #115

Give the Cancel and Create New button the correct position according to the platform

08/04/2010 12:52 PM - Robert Ivens

Status: Closed	Start date: 08/04/2010
Priority: Normal	Due date:
Assignee: Robert Ivens	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Browser (if web client):	
Description On Mac the position of the Cancel/OK buttons are reversed in comparison to Windows/Linux. So on Windows/Linux this should be Create New / Cancel.
