**Description**

Hi,  
I am getting an error in using this plugin on Java 14:

1. A fatal error has been detected by the Java Runtime Environment: #
2. EXCEPTION\_ACCESS\_VIOLATION (0xc0000005) at pc=0x0000000180012ca1, pid=11196, tid=18272 #
3. JRE version: OpenJDK Runtime Environment AdoptOpenJDK (14.0+36) (build 14+36)
4. Java VM: OpenJDK 64-Bit Server VM AdoptOpenJDK (14+36, mixed mode, sharing, tiered, compressed oops, g1 gc, windows-amd64)
5. Problematic frame:
6. C [jacob-1.16-M1-x64.dll+0x12ca1]

Could the jacob-dll files be updated to Jacob 1.19?  
I guess and hope that would solve this issue...
