

VelocityReport Plugin - Feature #263

Please add NullTool to allow readable checks for null

Description			
I found it tricky to check a value for null (not 0). Could you maybe add support for the NullTool (http://wiki.apache.org/velocity/NullTool)? Then we could do			
#if(\$null.isNull(\$car.fuel))			

History

#1 - 04/06/2011 05:24 PM - Patrick Talbot

Actually NullTool is not part of the velocity-tools 2.0 jar that I use.
But the code is straightforward so I added a NullTool class of my own.
Will be available in next version (coming in a bit).
