

## VelocityReport Plugin - Feature #263

### Please add NullTool to allow readable checks for null

<b>Description</b>	
I found it tricky to check a value for null (not 0). Could you maybe add support for the NullTool ( <a href="http://wiki.apache.org/velocity/NullTool">http://wiki.apache.org/velocity/NullTool</a> )? Then we could do	
<pre>#if( \$null.isNull(\$car.fuel) )</pre>	

### History

#### #1 - 04/06/2011 05:24 PM - Patrick Talbot

Actually NullTool is not part of the velocity-tools 2.0 jar that I use.  
But the code is straightforward so I added a NullTool class of my own.  
Will be available in next version (coming in a bit).
