Twitter Plugin - Defect #289

tweet.getOriginal() returns an Object type instead of String

04/30/2011 06:01 PM - Robert Ivens

Target version:				
Browser (if web client):				

Description
Topic says it all. For me to use the RegExp on this I need to cast it to a string.

History

- Status changed from New to In Progress

Well, it returns the original Tweet as a Tweet object which is much more interesting I think, so you can use getText(), getId(), getUser() etc... on that Tweet returned.

#2 - 04/30/2011 06:12 PM - Robert Ivens

- Status changed from In Progress to Closed

Ah! I didn't see that. Perfect! Just leave it as it is then.
