JSDatePicker module - Feature #327

Add support for Continuations in webclient

06/09/2011 01:03 PM - Robert Ivens

Status:	New		**Start date:**	06/09/2011
Priority:	Normal		**Due date:**	
Assignee:	Robert Ivens		**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:	1.1			
Browser (if web client):				

Description

History

#1 - 06/26/2011 02:23 PM - Robert Ivens

- Target version set to 1.1

#2 - 07/09/2012 12:29 PM - Robert Ivens

- Status changed from New to Rejected

- Client type set to Web client

- In developer? set to No

- Servoy version set to 5.2

- Component version set to 1.0

- OS version set to any

- Java version set to any

The way it is now there is no need or Continuations. Everything is done via a callback.

#3 - 07/10/2012 09:23 PM - Robert Ivens

- Status changed from Rejected to New

It's still needed for when one doesn't use a callback but lets the date be put in a form field/variable.
