

VelocityReport Plugin - Defect #371

Switching back from printpreview doesn't (re)load the proper CSS

09/15/2011 09:03 AM - Robert Ivens

Status:	Closed	Start date:	09/15/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	overall	Estimated time:	0.00 hour
Target version:	v2.0		
Browser (if web client):			
Description			
When you have CSS defined for print and for screen (or 'all') then when you switch back from printpreview it doesn't reload the screen/all CSS. As a workaround I hit the font-reset button to force VR to reload it.			

History

#1 - 02/06/2012 06:02 AM - Patrick Talbot

- Category set to overall
- Status changed from New to Closed
- Target version set to v2.0
- Client type set to Smart client
- In developer? set to No
- Servoy version set to any
- OS version set to any
- Java version set to any

I've added a workaround for this. Should be fine with v2.0b3+
Will close this as I cannot reproduce but feel free to reopen if you see otherwise...
