Description			
<p>Since my request for control of the View Mode in the Jasper Report Viewer and Bean, I have come across other items I would like to be able to control programmatically:</p> <ol style="list-style-type: none">1. View Mode (the original request)2. Pre-set the number of document copies to print3. Restrict the file save/export types to display <p>Basically, I would like to programmatically control the Viewer and Bean controls presented to the end-user.</p>			

History

#1 - 11/23/2011 12:12 PM - Andrei Costache

- Description updated
- Status changed from New to Closed
- Assignee set to Andrei Costache
- Client type set to Any
- In developer? set to No
- Servoy version set to 5.2.x and above
- OS version set to Windows Vista
- Java version set to 1.5, 1.6

1. Implemented (for the original feature request).
2. Currently there is no API for that and an alternative approach (providing a different PrinterJob) might run into classpath problems; we will file a feature request with the people at JasperReports for this.
3. Implemented.

#2 - 11/24/2011 12:28 PM - Andrei Costache

Point 2 has been requested from JasperReports. Please see <http://jasperforge.org/projects/jasperreports/tracker/view.php?id=5544> for details.
