

IT2BE Barcode Plugin - Defect #485

Barcode Plugin Not run in WEB

04/04/2012 08:32 PM - juan pablo

Status:	In Progress	Start date:	04/04/2012
Priority:	Normal	Due date:	
Assignee:	Servoy Components	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Browser (if web client):	mozilla firefox and IE		

Description

By running the bean barcode in webclient get the following error:

```
Wrapped java.lang.NullPointerException (C:\Documents and Settings\juampy\servoy_workspace\pv_clientes\forms\pv_ccc_comprobante_datos.js # 142)
at C:\Documents and Settings\juampy\servoy_workspace\pv_clientes\forms\pv_ccc_comprobante_datos.js: 142
(onActionImprimir)
```

In SmartClient worked well.
I'm using it as follows:

```
var code1 = "0123456789"
drawtext1 var = true;
globals.vg_barcode = plugins.it2be_barcode.EAN128 (code1, drawtext1);
```

I appreciate a prompt response. Thank you!

Is that really your code?

Is this 'drawtext1 var = true;' or this 'globals.vg_barcode = plugins.it2be_barcode.EAN128 (code1, drawtext1);' line 142?

I would first take a good look at 'drawtext1 var = true' and try again.

Please let me know if that solved your issue.

#2 - 04/05/2012 08:05 PM - juan pablo

hi, sorry I wrote wrong code. M:y really code is:

```
var code1 = "0123456789"
var drawtext1 = true;
globals.vg_barcode = plugins.it2be_barcode.EAN128 (code1, drawtext1); (I get the error here)
```

thanks!

Hmm, I will check next week to see if I can replicate this...

#4 - 04/17/2012 09:13 PM - juan pablo

Hi Marcel, You could see something?

Greetings!

#5 - 04/18/2012 09:05 PM - Servoy Components

Apologies, I did not have the time yet.

I am not sure about this week but when I have the time it will be Friday or next week Monday.

The underlying libraries for converting the barcode to an image need AWT components.
This is not supported in web.
As far as I can see the bean does support web, the plugin does not.

I will see that I can find a way to convert the barcode without AWT but I don't know how long that will take.
