| <b>Description</b>  |     |                        |            |
| <p>The Busy plugin has some issues with Servoy property servoy.webclient.nice.urls set to true.</p> <p>I'm creating this case just to save other devs debug time, I don't think a fix would be easy and I don't think it's worth spending time on it anyway.</p> <p>In this case the problem is when calling unblock(), the browser goes back to the solutions list page.</p> <p>Other similar issues exist with the WebclientUtils plugin, so my suggestion is: if you want nice looking URLs use an Apache server in front of Servoy but keep that property set to false.</p> |     |                        |            |
