

Alternative CSS for webclient - Defect #590

In table views the columns are not aligned with the headers in v6.1.3

Target version:			
Browser (if web client):	Chrome & Firefox		
Description As per subject, we noticed that the table columns are no longer aligned with the headers after upgrading to Servoy v6.1.3. Has anyone done updates to fix this issue already? This doesn't appear to be browser-specific as we tested with both Firefox & Google Chrome. Thanks, Corey

Can you show me an example?
I'm trying it now on 6.1.3 and I don't see this!

- Status changed from New to In Progress

#3 - 12/07/2012 02:22 PM - Harjo Kompagnie

I have uploaded a new version for Servoy 6.1.x
Please try that one! <https://www.servoyforge.net/projects/servoy-default-css/files>
