Description

Barcodes are not working in Servoy 6.1.3. You can test it in the sample solution or VelocityReport.servoy.
They are not displayed in HTML Area or in PDF reports.
I think that the Barcode4j servlet is working ok because I can test it with
http://localhost:8080/eastwood/index.jsp?type=datamatrix&msg=1234567890.
Also don´t work in the 3.0RC1.

With Servoy 6.0.X they work ok.

Thanks.

I wasn't aware of that one, but if the eastwood.war is responding, there's no reason why it wouldn't work.
I'll have a look asap.

Thanks for reporting!
