Description <p>We're using v2.0 of the CSS with Servoy v6.1.4 and we're finding that the active tab is not very visible in IE8 or IE9 (see attached screenshot). Not sure if we're doing something wrong here or if this is a regression caused by the newer version of Servoy. The tabs look fine in other browsers (Firefox/Google Chrome).</p> <p>Thanks, Corey</p>

We see the same here, we also see that the gradients are not working IN IE8/9
Will look into this, this week, and keep you posted!

We have uploaded a new version: 2.1 where all gradients in IE8&9 are working again, and also the selected tab is white again:
