VelocityReport Plugin - Defect #679

data value markers (chm) are not correctly added

03/28/2013 02:33 PM - Jos de Bruijn

Status:	Closed		**Start date:**	03/28/2013
Priority:	Normal		**Due date:**

Target version:				
Browser (if web client):				

Description

When I try to add data value markers to my barchart, they are not shown in the chart.

```
chm=N,0000FF,0,-1,11
```

is by the chart script builder parsed as:

```
markers: [{ text: '', color: '#0000FF', index: -1 }
```

But this does not show the data values above the bars.

History

#1 - 04/08/2013 05:12 PM - Patrick Talbot

- Status changed from New to Closed

Fixed in v3.1b08 (make sure you update the /plugins/velocity_report/*.jar as well as the plugin jar and jnlp)
Note that Eastwood is not capable of showing these markers though so this only works in Google chart.
