

Servoy Treeview Bean - Defect #739

Font size in servoy-treeview bean

09/27/2013 09:42 AM - Pascal Jacob

Status:	Closed	Start date:	09/27/2013
Priority:	Normal	Due date:	
Assignee:	Andrei Costache	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:			
Browser (if web client):	Safari 6.0		

Description

Following code for font size in a treeview column works in smartclient, but does not have any effect in the webclient:

```
elements.treeview.setColumnTextFormat('column01', '<html><div style="font-size:10">$text</div></html>');
```

Hi,

For this to be valid css/html code, you need to specify: ...font-size:10px.. (note the px). It should work like that.

Regards,
Andrei Costache

#2 - 12/04/2013 08:03 PM - Andrei Costache

- Status changed from New to Closed
- Assignee set to Andrei Costache
- % Done changed from 0 to 100

Please reopen the current issue if you encounter any problems with this.

Best regards,
Andrei
