- Status changed from New to In Progress
- Assignee set to Andrei Costache

#2 - 12/30/2013 10:15 AM - Andrei Costache

Setting of grid color implemented in webclient.

#3 - 12/30/2013 02:24 PM - Andrei Costache

- % Done changed from 0 to 100

Regarding the hiding of the grid, i think you are referring to hiding the lines of the grid, the lines between the table cells. I have added the possibility to hide the intercell lines, of the grid, also in web client now as well (i.e. the showVertical/HorizontalLines functions); this was available in SmartClient already.

#4 - 12/30/2013 02:24 PM - Andrei Costache

- Status changed from In Progress to Closed
