- Status changed from New to In Progress

I've fixed an issue like this with v3.2.30. You should try and update (current is v3.2.38)

And don't set an issue's priority as 'urgent' unless you are prepared to sponsor its resolution, please.

Please report that this is fixed for you in the latest version.

- Priority changed from Urgent to Normal

Sorry for the urgent state :/

I try with the 3.2.39 version, same error.

Could you attach the whole exception stack trace as it appears with 3.2.39? That will help. Thanks!
