Description

Hi,

Databases are not loaded by `databaseManager.getServerNames()`;

Regards,

Juan Urraburu

History

#1 - 11/24/2015 06:11 PM - Juan Urraburu

I found that adding a datasource to the form, then the database appears.

#2 - 11/24/2015 06:21 PM - Sergei Sheinin

`databaseManager.getServerNames()` shows databases which are used in a solution.
