Target version:				
Browser (if web client):				

Description

I have used this plugin a number of times and its excellent thank you. I have just tried to install use it with Servoy 8 NG Client and the uploader fails to display.

History

#1 - 02/02/2016 12:34 AM - Patrick Talbot

- Status changed from New to Rejected

The plugin can only work in Web client, it cannot work in NG client just like the WebClientUtils is not working either. You will have to build a web page or angular component embedding the jQuery File Upload: https://blueimp.github.io/jQuery-File-Upload/
